Greedy Lucy

I was ~~in~~^{she} walking through ~~Fish street~~^I in dirty London on 2nd September 1666. I was in the middle of the Great Fire of London. ~~I~~^I smell the smell of smoke and fire wood. ~~I~~^I heard the sound of people crying "Fire Fire".

I saw a woman called Lucy that I had met before sometime. She was trying to steal goods. Lucy was going to peoples gardens and ~~digging up~~^{her with} there goods and taking them with ~~no~~^{no}one noticing her but I was watching her.

Suddenly she stole a womens horse and but the horse went into the fire and they both ~~died~~^{was} Lucy ~~got~~^{was} in trouble and never seen again.

The peopple get there goods back. Then I went back home and told my Mum and Dad all about it then ~~we~~^{decided to} escaped from London.

Very good. Lots of description

Try to extend your ideas. Did you speak to the woman. What did she say?
